Introduction

The Genesis Parent/Student Portal tool is a safe, secure way to view your child's school record for the current school year. If your school district chooses, you ***may*** have access to the following information:

- Contact Information (email, phone numbers, emergency contacts) for your children
- Your children's Marking Period, Exam and Final Grades
- Your child or children's Report Cards
- Teacher Gradebook assignments and assignment grades for your child or children.
- Letters sent to you regarding your child:
    - General Purpose letters
    - Attendance Letters
- Online questionnaires or forms.

The rest of this manual will guide you through all of the screens which may be available to you and how to use them. Please be aware that you may not see every screen for every one of your students (if you have more than one student in the school district).
The school district chooses which screens can be made available. Screens may not be displayed if they do not apply to your student.

Logging In & Logging Out

Logging In

Logging into Genesis is very simple:

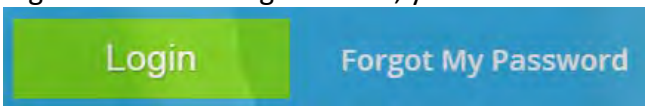
1. Go to the Web Access URL supplied with your district welcome packet.
2. Enter your Email Address in the '**Username**' field
3. Enter your Web Access password in the '**Password**' field.
4. Click the '**Login**' button

Logging In for the First Time

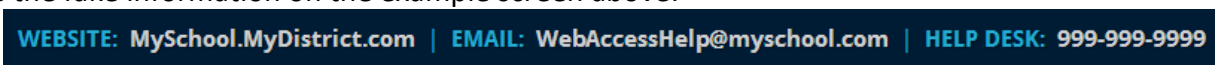
The very first time you login you will be required to change your password.

What if I forget my password?

Right next to the Login button, you can find a "Forgot My Password" link:



If you forget your password, click the Forgot My Password link, if it is present. If it is not there, you must contact your school or district office. The information may appear on the screen where you see the fake information on the example screen above:



If that information is not there, you should have received information on where to call with your district packet. You will be given a new randomly generated password. The new password might even be mailed to your email account. The first time you login with your new password, you will be required to change it.

Logging Out

It is important to log out of Genesis Web Access properly: It is important to log out of ***all*** web applications properly.

To logout, locate the **Log Out** button in the upper right corner of every screen and click it:

Why log out? Why not just close or "nuke" the browser?

Closing the browser without logging out leaves your session open on the Genesis servers. This creates a security hole that only you can close: **Be secure, always log out properly.** In this era of Internet access, it is important to always properly close your sessions so that unauthorized persons cannot gain access to your information.

This applies not only to Genesis, but to every Internet/Web application you use.

One Student's Dashboard of Information

Top Tabs

There are four available dark blue "top tabs". You may not see all of them, depending on which screens your district has enabled. The four include:

- HOME – This is where you set up your user profile and access the "Message Center" which provides up to the minute messages about your students.
- STUDENT DATA – This is where you can see information for one specific student. The first screen you see when you click on the STUDENT DATA tab is the "Summary" dashboard with a separate "dashboard" panel for each of your students.
- CONTACTS – Contacts lists all contact information on record for your students and may allow you to update it.

More Information About Each Student

The 'Summary' screen has a dashboard for each of your students. The other light blue tabs give you more information about one student at a time.

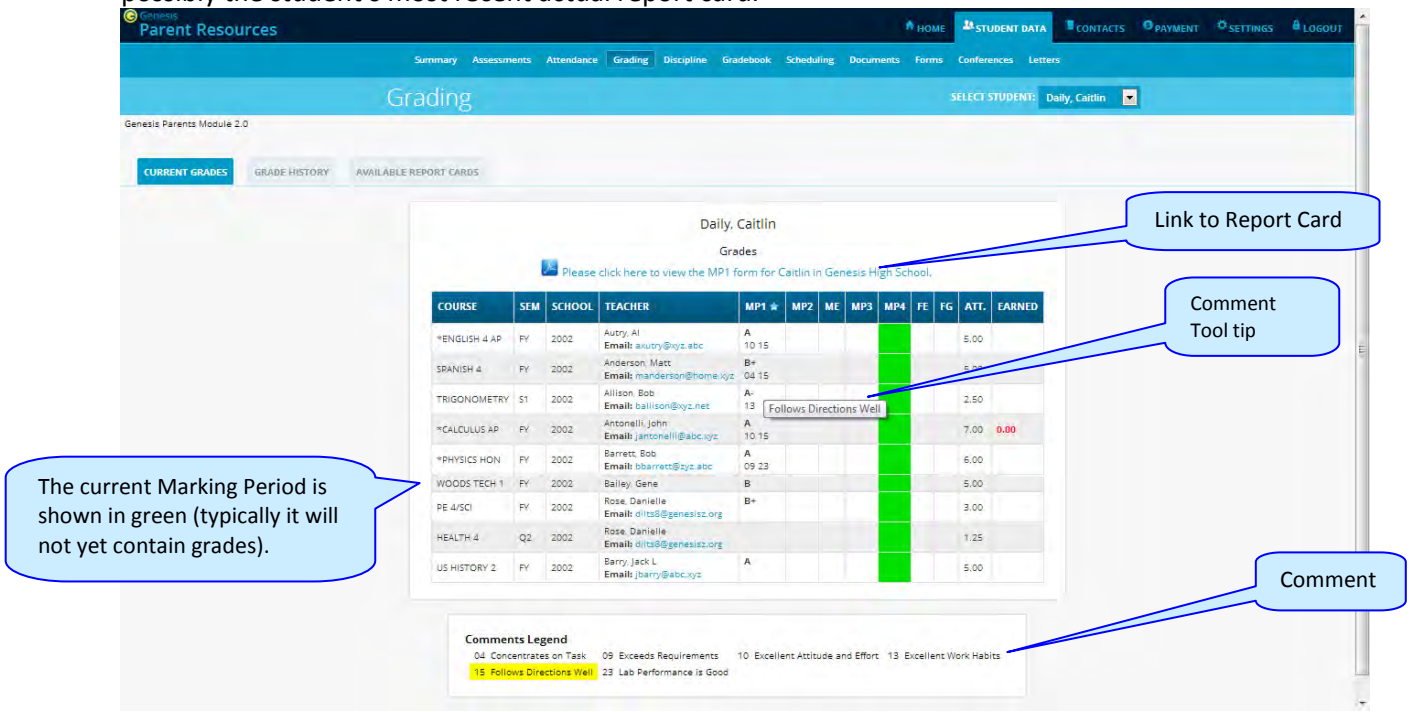
Current Year Report Card Grades & Current Report Card

The Grading screen gives you access to your student's Marking Period grades and teacher comments and possibly the student's most recent actual report card.



The Student's Grading screen contains lots of information and a link to their current report card. The numbers below each grade are the comments the student has received for the Marking Period. Place your cursor on a comment number and the corresponding text is highlighted in yellow – the text of the comment is also displayed in a Tool Tip. A link to the current report card is at the top of the screen and links to email teachers may appear below the teacher's name.

The Grading Screen

This screen summarizes your student's Report Card grades for the current year.

The current Marking Period is highlighted in green.

Each box shows the grade and comment codes that your student has received in the corresponding class for the selected Marking Period. If you place your cursor on a comment code (e.g. 03), the corresponding comment will be highlighted (e.g. 15 Follows Directions Well). In addition, the text of the comment will appear in a tooltip (e.g. 
).

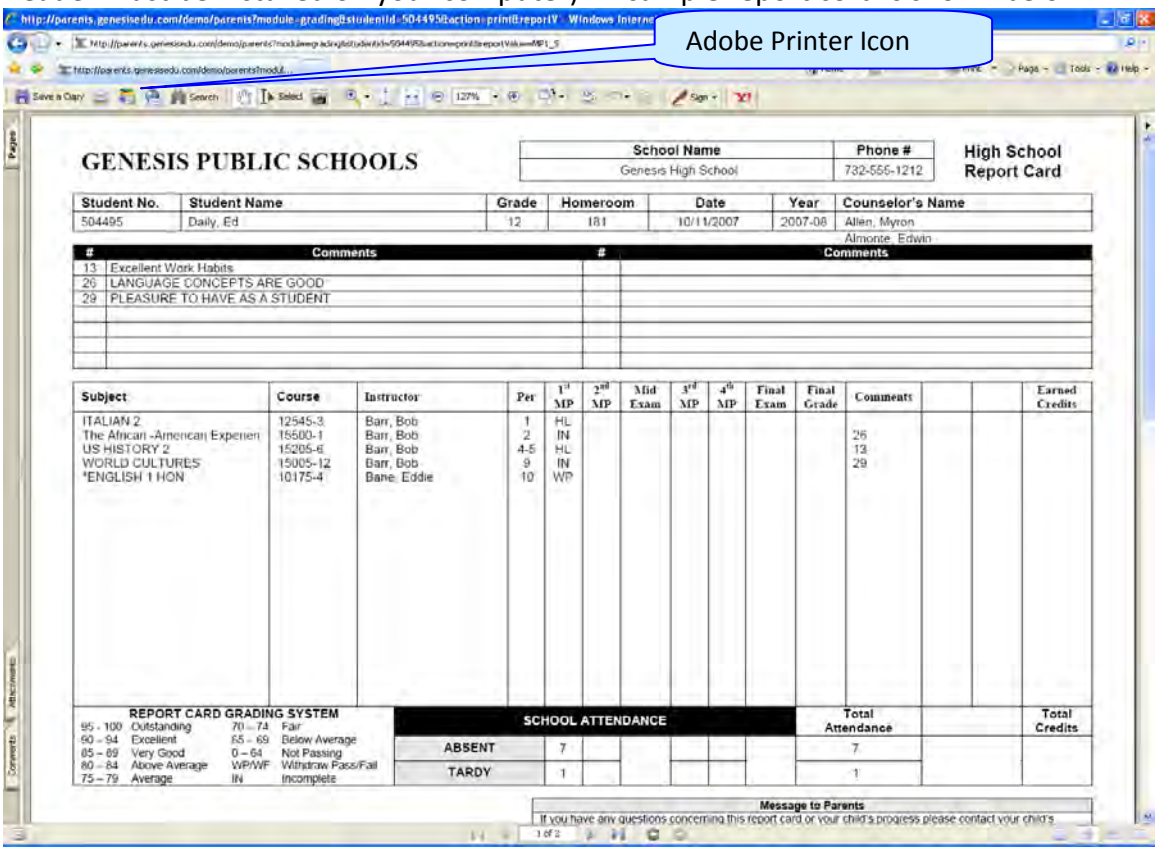
In addition, as outlined below, you can access and view your student's most recent report card.

Viewing your Child's Current or Most Recent Report Card

If you are able to view your child's actual report card, a

message will appear between your child's name and their list of grades:

If this message appears, click it to view the actual report card displayed in Adobe Reader (Adobe Reader must be installed on your computer). A sample report cord is shown below.



To Print a Copy of the Report Card

1. Click on the '**Grading** tab.
2. If the "Please click here to view" message appears, click it. If it does not appear, you will not be able to view your child's actual report card at this time.
3. When the report card appears, locate the Adobe printer icon at the upper left of the Adobe Reader's border. Click it to access a regular Print dialog and print the report card. (Newer versions of Adobe Reader may display the printer icon differently. Please refer to the Adobe Reader user guide.)

To Save a Copy of the Report Card

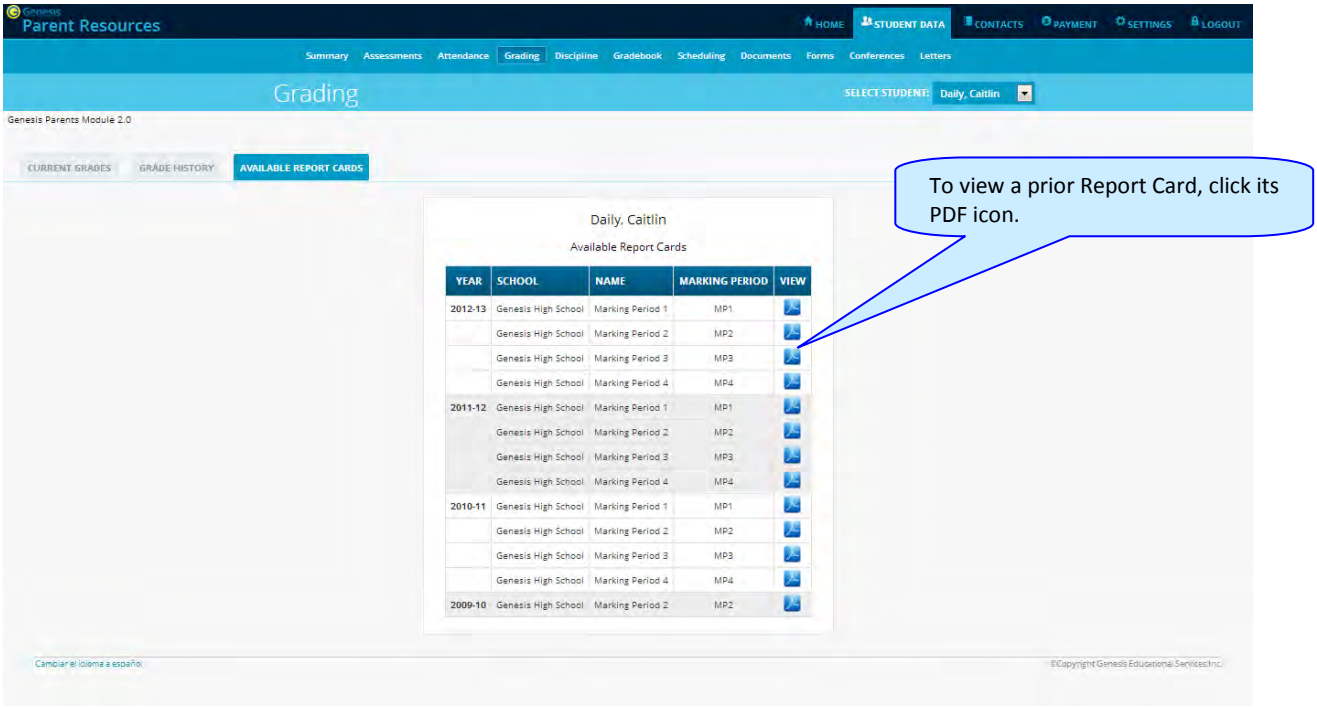
1. Click on the '**Setup**' tab.
2. If the "Please click here to view" message appears, click it. If it does not appear, you will not be able to view your child's actual report card at this time.
3. When the report card appears, locate the Save icon at the upper left of the Adobe Reader's border. Click it to access a regular File dialog and print the report card.

To Return to the Genesis Parents Portal

1. When you are done viewing the report card, click the browser "Back" button.

Prior Year Report Cards

The AVAILABLE REPORT CARDS tab brings up Report Cards from previous years that your child's school has made visible through Genesis. Report Cards will ***not*** be available for years before your District began using Genesis:



List of Available Prior Year Report Cards. Click the PDF icon at right to see a Report Card.

Teachers have 4 "special" grades that they can give students for any assignment:

- **Absent** – Your child was absent on the date the assignment was due. This means your child has a chance to make up the work: The assignment is not counted until the teacher changes the grade to a regular grade or to **Missing** or **Incomplete.** When a grade of **Absent** is changed to another grade, "Absent" appears in the **Prev** column. Something that "was previously Absent" was turned in after your child returned to school following an absence.
- **Missing** – Your child failed to turn in an assignment or take a quiz or a test. When a Missing is changed to another grade, Missing appears in the **PREV** column. Missing is the most common special grade. A teacher's comment may accompany a missing. A grade of "Missing" in the **PREV** column means the work was turned in late. "Previously missing" means "late".
- **Incomplete** – Your child partially completed an assignment but did not finish it. When **Incomplete** appears in the **PREV** column, your child has completed the assignment late.
- **Exempt** – Your child is not responsible for doing this assignment. It does not count for them. It is unusual for an Exempt to appear in the **PREV** column. Usually, when a child is explicitly exempt from an Assignment, they are not later given a grade.

Initially, these special grades appear in the regular **GRADE** column (e.g. ABS). When a teacher gives one of these special grades (e.g. MI - Missing) and then later changes it to another grade, the original, special grade

(i.e. Missing) is displayed in the PREV column on the List Assignments screen. Regular grades ***never*** appear in the PREV column – it is only for these special grades.

The teacher cannot clear the "previous grade". It is always displayed to you. You might use this information to help understand why your child may have received their regular grade ("the work was late"). For example, excellent work turned in late often receives a reduced grade.

Viewing Teacher Comments

Teachers can enter comments on your child's performance that can be viewed through the List Assignments screen. ***If a teacher has entered a comment on an assignment, please take time to view it.***

If a pushpin icon appears on the Assignment line, it means the teacher has entered a comment on the assignment. To read the comment, click the icon. This will cause the comments to popup:

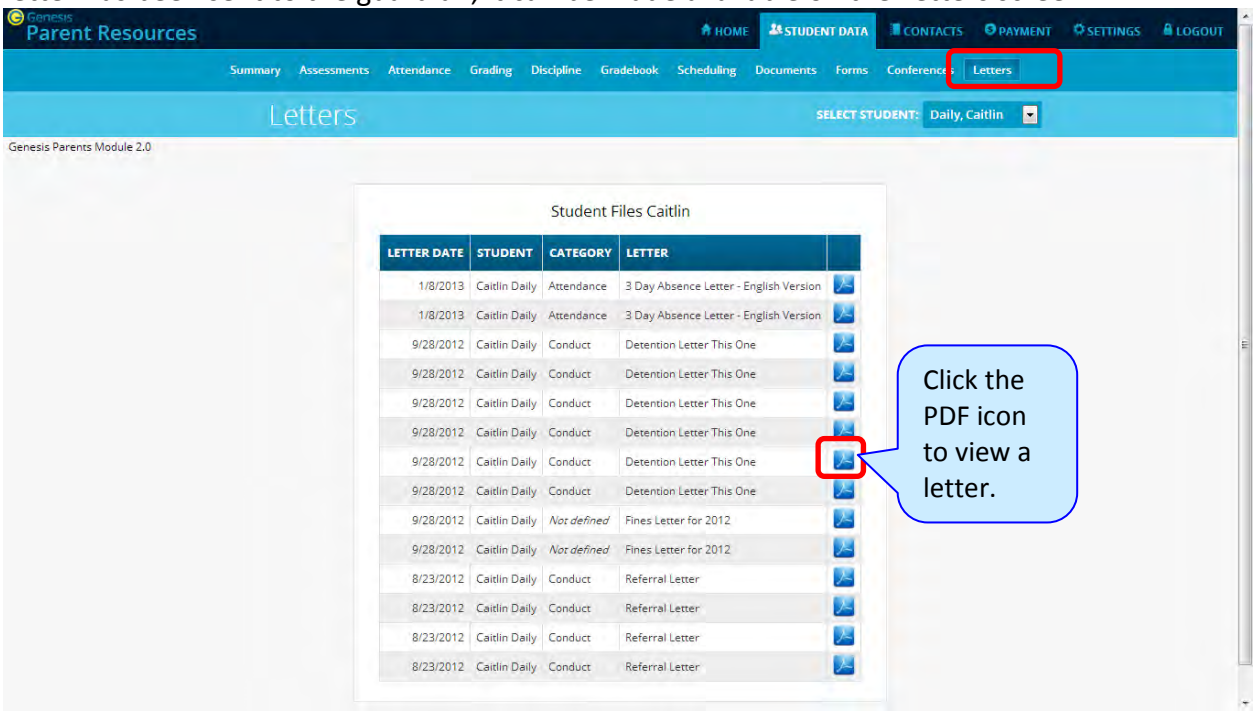
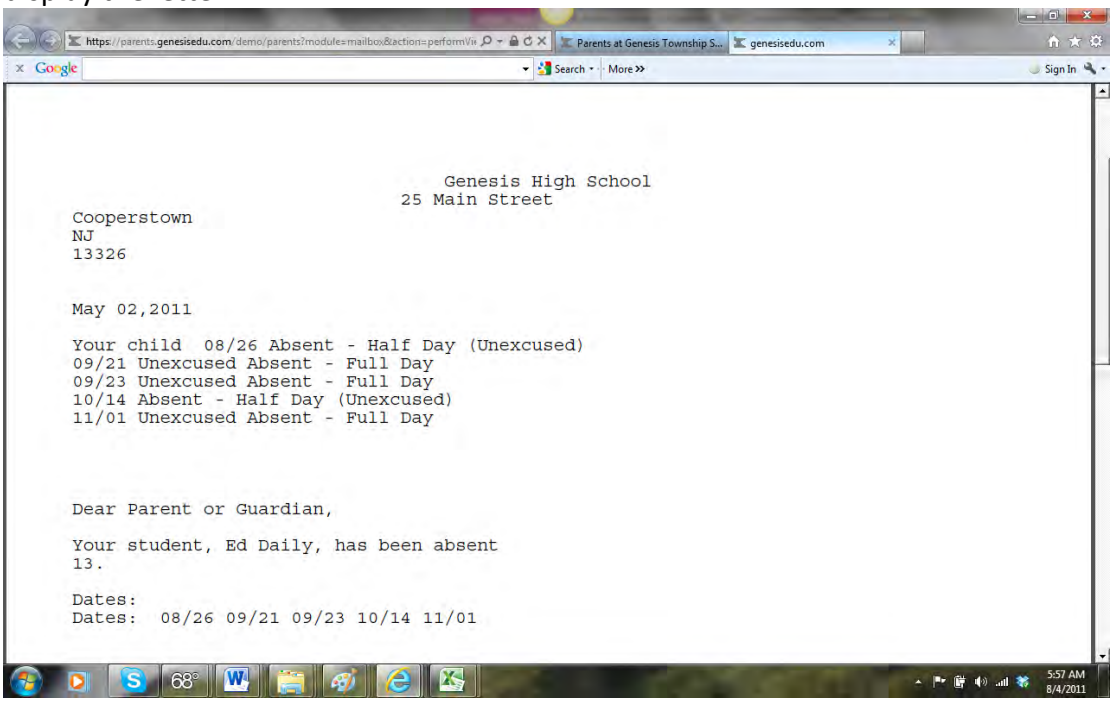
Letters

The Letters tab contains a list of letters that have been sent to the student's guardians. Once the letter has been sent to the guardian, it can be made available on the Letters screen.



To view a letter, click on the PDF icon corresponding to it. This will open a separate window and display the letter:



Sample Letter– letter is displayed in a separate web browser window.

When you are finished viewing the letter, you may close the window it is displayed in.

Printing Letters

All Genesis reports are displayed as PDFs using Adobe Reader. To print on a printer, use the Adobe Printer icon to bring up a normal print dialog.

What types of Letters are displayed?

- **Attendance Letters** – Letters generated when the student has some Attendance-related issue (e.g. too many absences).
- **Conduct Letters** – Letters generated when a student is involved in a discipline infraction.
- **Scheduling Letters** – Letters related to scheduling classes for next year.
- **General purpose letters** – Any letter that does not fall into one of the above categories is considered "general purpose". These can cover a wide variety of topics.

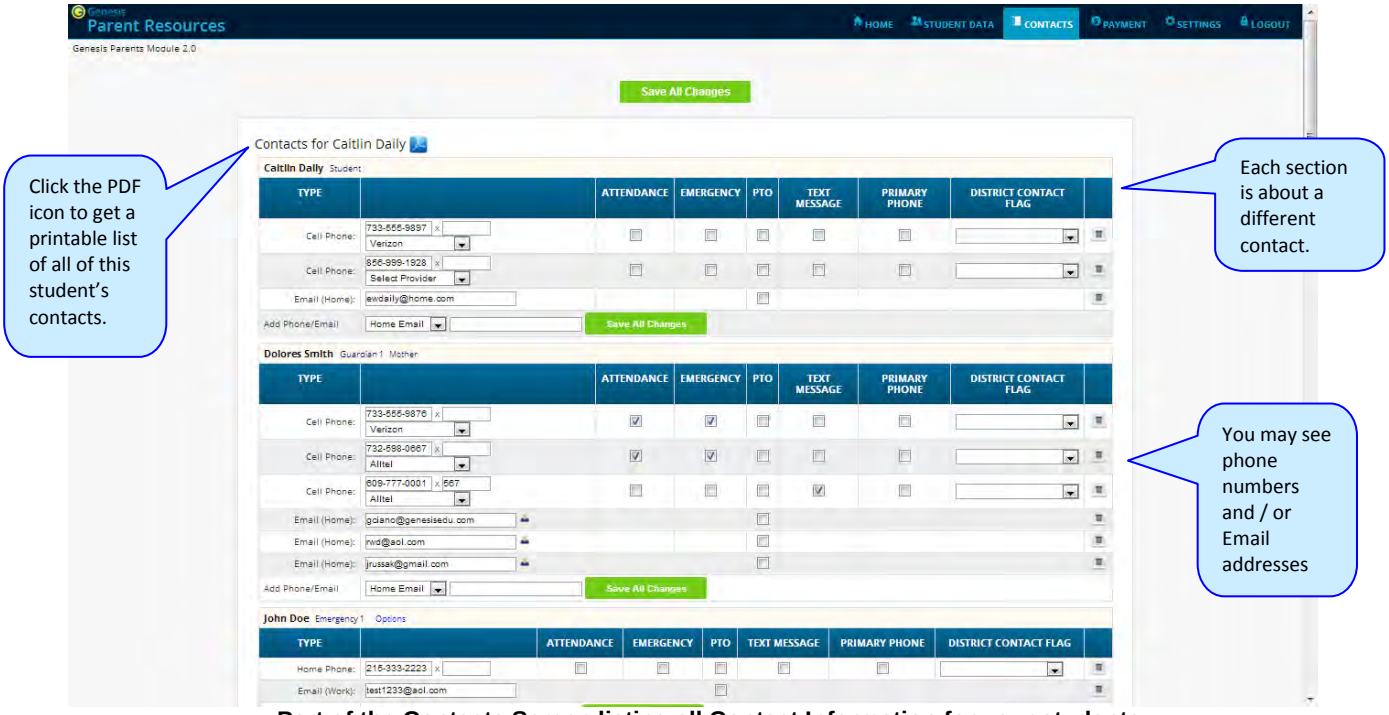
Contact Management

The Contacts screen allows you to view and possibly update the contact information for your students. If you do not have permission to update the Contact information directly via Web Access, you will not see the fields and buttons described here. If those fields and buttons are missing, please contact your school or district offices to update information for your children.

A PDF icon may appear next to the name of each of your children to allow you to print out their current contact information.



Part of the Contacts Screen listing all Contact Information for your students

What is listed on the Contact Management Screen?

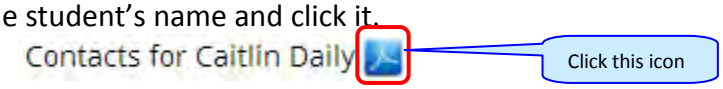
The Contacts screen lists all telephone and email contact information for:

- The student themselves – your children's own cellphone and email addresses
- The student's Guardians – the legal guardians – such as you – who are allowed to view the children's information.
- Other contacts – all other people whom you wish the school to be aware of in your children's lives, including:
    - Emergency contacts – People you wish to be contacted should an emergency arise and you are not available.
    - Doctors
    - Dentists
    - Hospital to use in an emergency if hospitalization is required.
    - Other people it is important that the school know about.

The Contacts screen has an area for each of your children and within a child's area; there is a separate section for each Contact.

Viewing and Printing Contact Information for all Students linked to your Account

To print a copy of all of the contact information found on the Contacts screen for one student, locate the PDF icon next to the student's name and click it.



This will bring up a report of this student's Contact information:

The Contact Report: The report is always for one student. Each student listed will have a PDF icon next to their name which can be clicked for that student's Contacts report. The reports can be multiple pages. Make sure you scroll down to see all of a student's Contact information.

This report can be printed out, corrected and brought to your child's school or district offices.

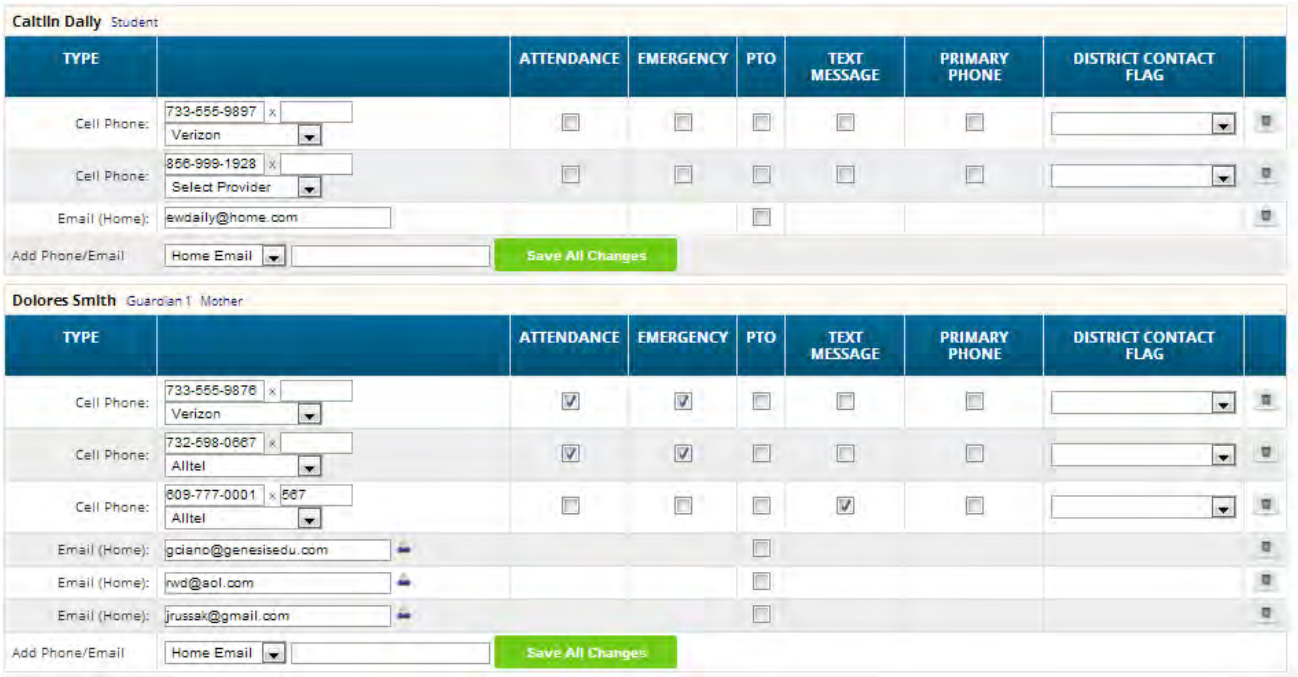
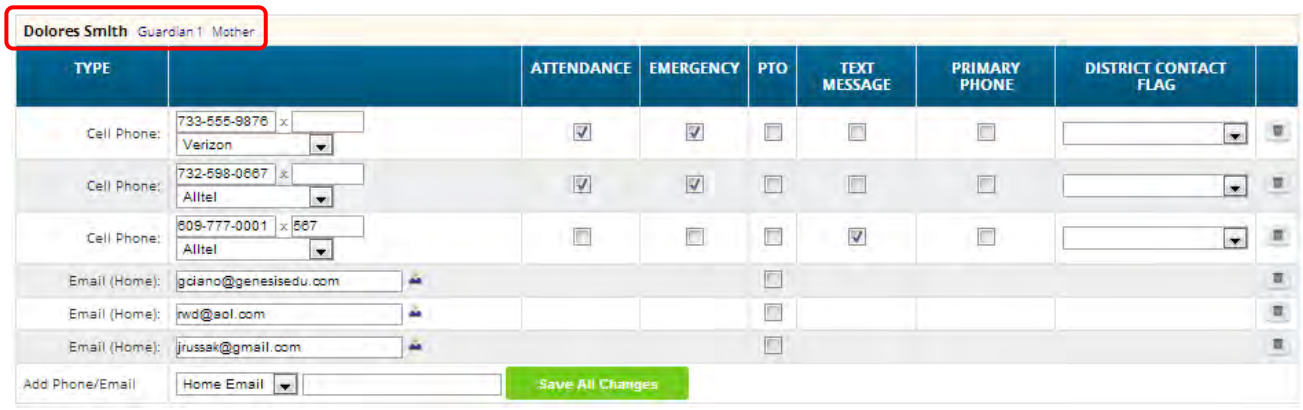
Interpreting Information for a Contact

Each "Contact" represents one person in a student's life (e.g. Mother, Grandmother, Uncle), or a single organization (e.g. Doctor's practice, Hospital).



The top line shows the Contact's name and "contact type" and relationship to the student:



There are multiple contact types that are possible:

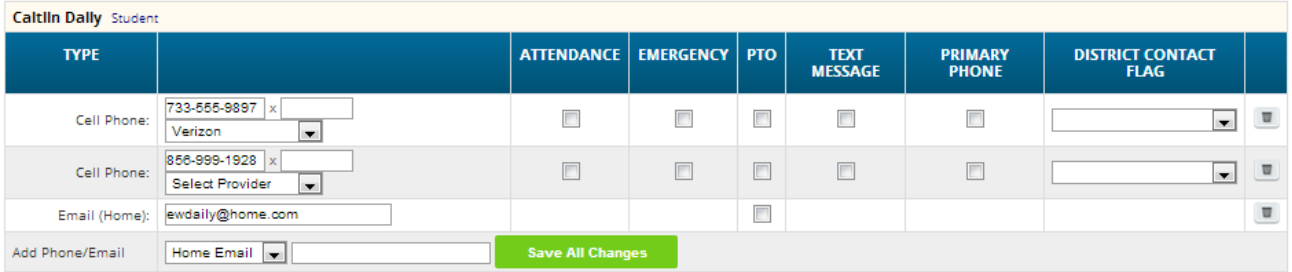
- Student
- Guardian 1
- Guardian 2
- Guardian 3
- Guardian 4
- Emergency
- Other

Phone Numbers: A Contact may have an unlimited number of phone numbers listed for them. **If a number is a cell number and you want the Contact to receive text messages on their cell phone regarding your student, you must select the name of the cell service provider (e.g. Verizon, AT&T, Sprint, T-Mobile, etc.).** If you have permission to remove phone numbers, a trashcan icon will appear at the far right of each phone number:

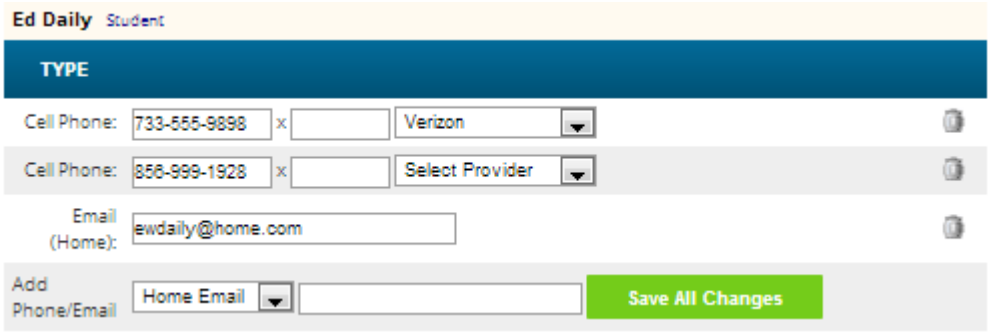
Email Addresses: A Contact can have multiple email addresses listed. If a small icon appears at the right side of the email address, it means that this email address is being used as the login for a Genesis login for your child. For example, it may be your email address and indicate that you have a Genesis login:

The Student's Own Contact Information

Each student can have their own, personal phone numbers and email addresses listed under the "Student" contact. These would be ways for the school to contact the student, themself, directly.

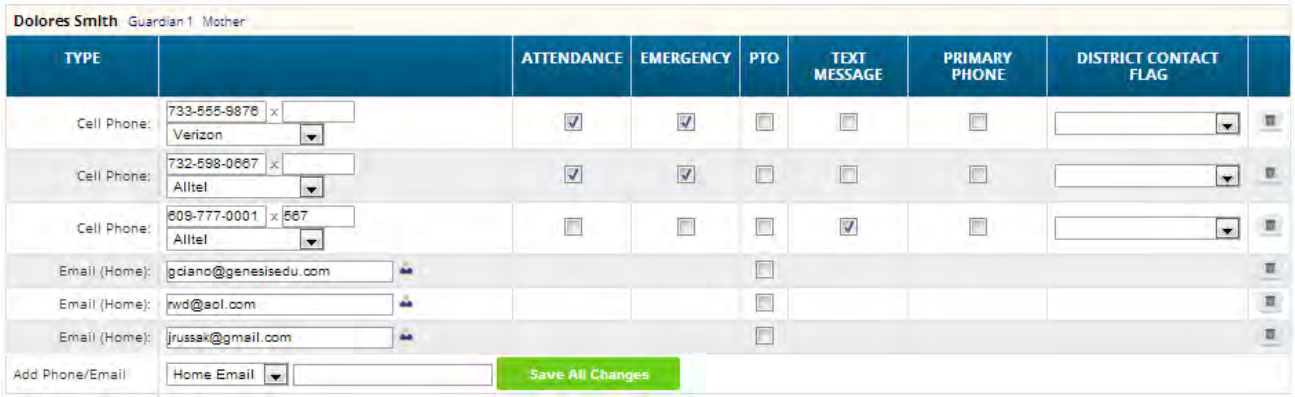


You may not see any special flags:



Updating Information for a Contact

Each section contains information for a single Contact:



Information for one Contact

Each "Contact" represents one person in a student's life (e.g. Mother, Grandmother, Uncle), or a single organization (e.g. Doctor's practice, Hospital).

You MAY be able to update the Contact information directly on the screen: this is under the control of your school district. They may allow you to update the information directly, or you may only be able to view it.

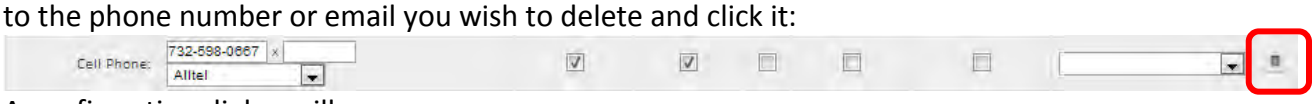
Updating a Contact's Email and Phone Numbers

You can do three things to the email addresses and phone numbers:

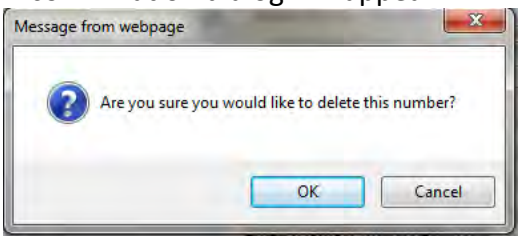
- Change the information
- Remove (i.e. delete) the information
- Add new phone numbers and email addresses

WARNING: You can only do these things if your school district gives you permission. This section assumes that you have such permission – if you cannot do the things described here, it is because your district has not given you permission to do them: it is not because the system is broken.

Deleting a phone number or email address: Find the delete trashcan icon corresponding to the phone number or email you wish to delete and click it:



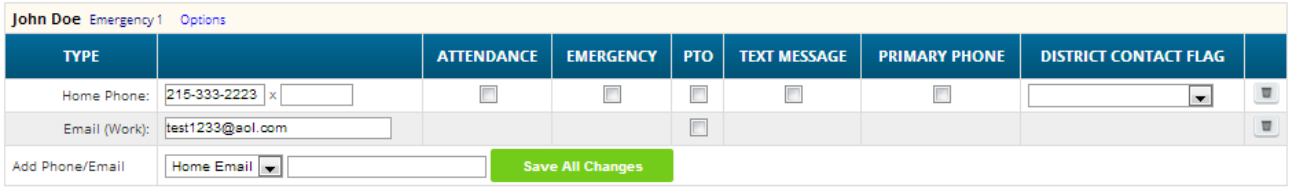
A confirmation dialog will appear:



Click the OK button to continue and delete the email address or phone number. Click Cancel to abandon the deletion and keep the information.

Adding a phone number or email address: To add a new phone number or email address locate the "Add Phone/Email" tool at the bottom of the Contact's information:

Make sure you locate the Add Phone/Email for the correct Contact. Each Contact has their own Add Phone/Email field:



The drop down contains the list of things that you can add to the Contact:

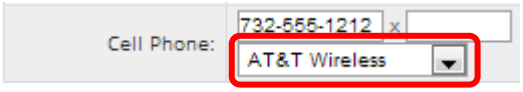
Add Phone/Email
Home Email
Save All Changes
Home Email
Cell Phone
Work Email
Work Phone
You may only add the things in this list. If something is missing, you do not have permission to add it (e.g. if "Email" is missing you do not have permission to add Emails.

Select the type of information you want to add.
Then move to the blank text field and enter the phone number or Email address.
Go to the top or bottom of the screen and click the

button.

Adding a Cell Provider information to an existing phone number: For Genesis to send text messages to a Cell number, the cell service provider (e.g. Verizon, AT&T, Sprint, T-Mobile) must be specified. It is not possible to send text messages without that information. "Text messages" include the notifications that can be sent, for example, when a student's gradebook grades are updated. If the cell service provider is selected, but is wrong, the number will not receive the messages that are sent.

To set or change a cell number, locate the "Provider" drop down below the phone number itself:

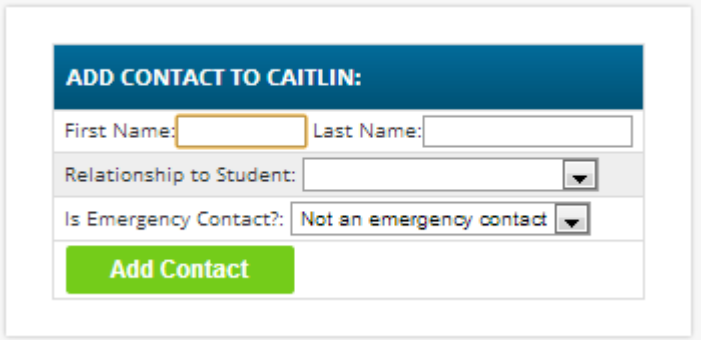


Select your provider, then scroll up or down (to the top or bottom of the page) and click the Save All Changes button.

Adding a New Contact

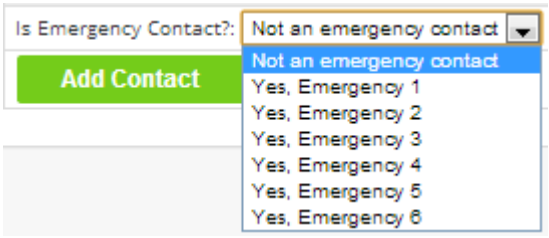
If you have a Show Add Contact... button at the bottom left of a student's list of contacts, you have permission to add a new contact! If you do not see that button, you do not have permission to add a contact: please contact your school to update contact information.

To add a Contact, click on the Show Add Contact... button. This brings up the "New Contact" area right below the button:



Enter the following fields:

- Contact First Name – The person's last name
- Contact Last Name – The person's first name
- Relationship to Student – Select the new Contact's relationship to the student: Friend? Neighbor? There are dozens of relationships listed. It is important to select the correct one.
- Is the person an Emergency Contact for your child? Do you want them to be contacted in an emergency? If yes, select one of the Emergency Contact options.



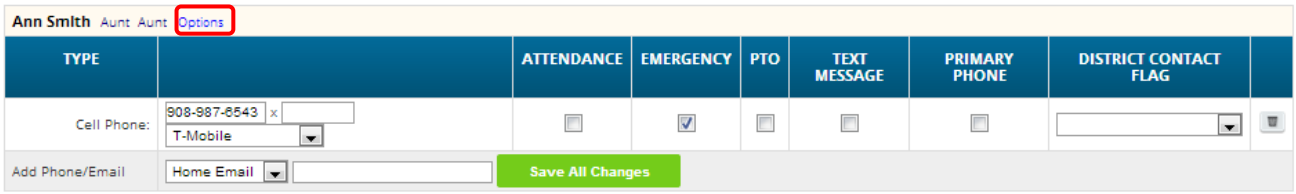
You can enter up to six emergency contacts for each of your students. Emergency contacts are people you wish to be called in the event of an emergency. Enter in the order in which you would like these people to be contacted.

Once you have entered all the information, click the Add Contact button to add the new Contact.

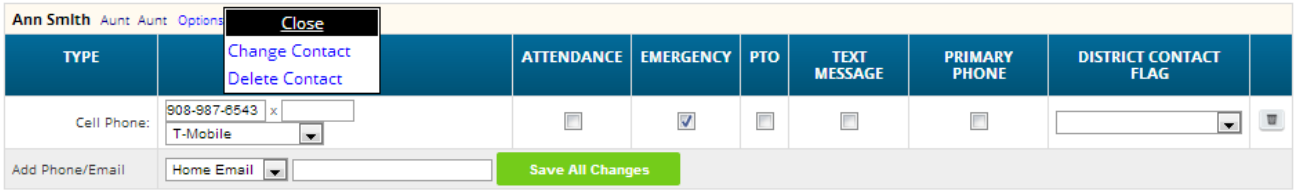
WARNING: If you have more than one student, and you wish the new contact to be used for all your students, you must add them separately to each child's contacts.

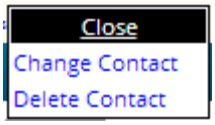
Changing Relationship Information for or Deleting an Existing Contact

If you have permission to update information for a contact, there will be an Options button in the top line of the contact's information. To update the name information for a contact or to delete the contact entirely, use this Options button:



When you click Options, a popup appears:

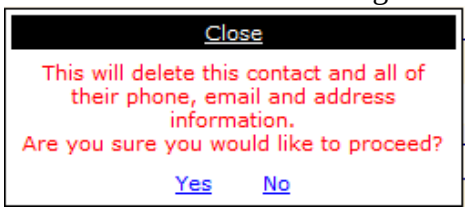




The popup gives you three options:

- Close - Clicking the Close button dismisses the popup and makes no changes.
- Change Contact - Clicking Change Contact lets you change the **name** and **relationship** information for this Contact. (Phone numbers and Email Addresses are changed as described above.)
- Delete Contact - Clicking Delete Contact removes the contact entirely. This removes the whole contact: name, phone numbers and email addresses. Warning: There is no UNDO button.

Deleting a Contact: When you click Delete Contact the following confirmation dialog appears:



Close
This will delete this contact and all of their phone, email and address information.
Are you sure you would like to proceed?
Yes
No

If you click Yes, the contact and all their information is permanently removed. If you click No, then the popup is closed and the contact is not deleted.

Changing a Contact: When you click Change Contact the following popup appears:

You can change the contact's **First** or **Last** name, and set whether they are an Emergency Contact or not. To make changes to the contact, update the information, then scroll to the top or bottom of the screen and click the Save All Changes button.

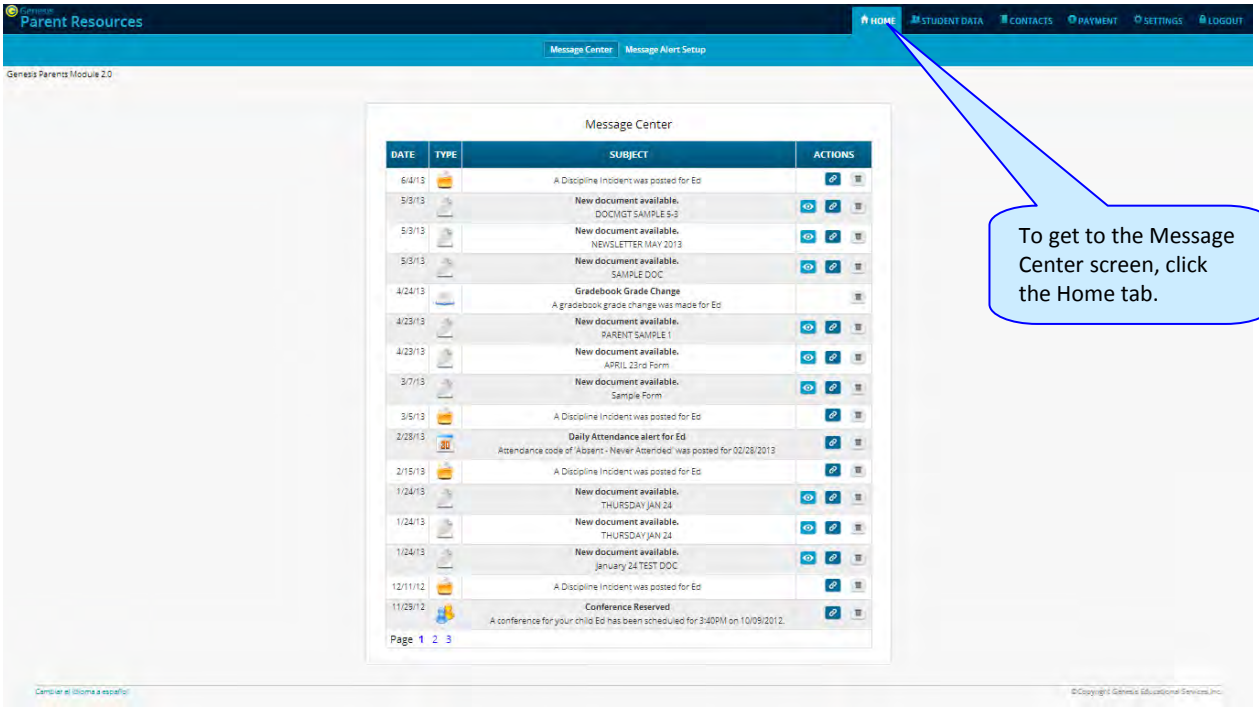
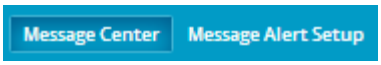
Introduction to the Home Screens



There are two screens under tab:



1. **Message Center** - The Message Center provides a list of all messages received for your student. There are no settings on this screen – it is an information screen.
2. **Message Alert Setup –** This is where you set which Alerts you wish to receive.

The Message Center Screen & Alerts

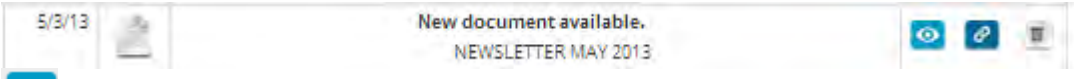
The Message Center screen lists all types of messages for your students

Using the Message Center

The Message Center provides a list of all messages received for your students. Some of these may be linked to Documents or Letters. There is one Message Center for all your students – all your students' information is located on the same screen.

Anatomy of a Message

Each Message includes a date, an Icon identifying which module of Genesis sent it, the message itself and potentially an additional line of information and possibly View, Link and Delete buttons:



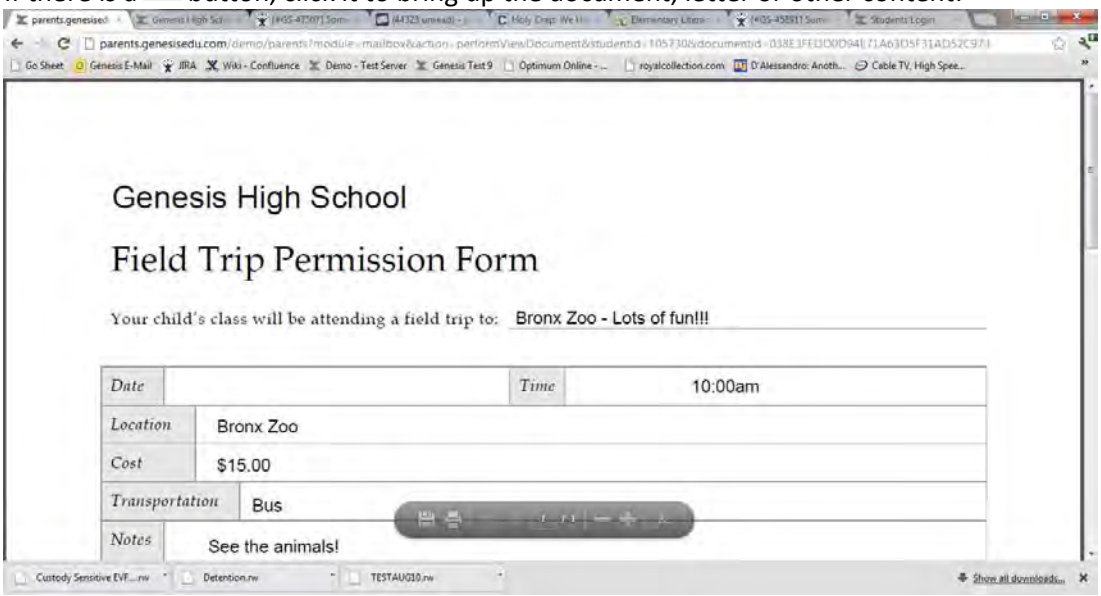
- This is the "View" icon. If the View icon is present, clicking it will bring up the document or letter.

- This is the “Link” icon. If the Link icon is present, clicking it will take you to the screen containing the item related to the message. For example, if the Alert is about a document, clicking Link takes you to the **Documents** screen. If the Alert is about Attendance, clicking it takes you to the **Attendance** screen.

- This is the “Delete” trashcan icon. To remove the Message, click the Delete icon.

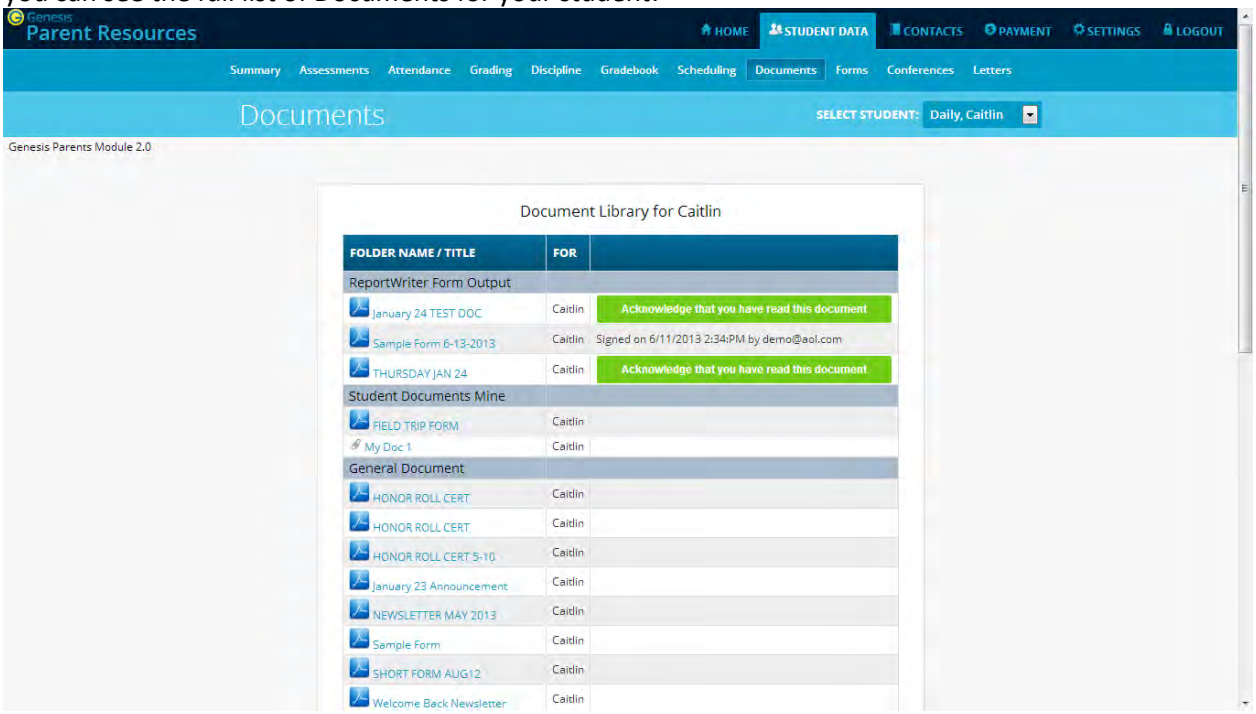
Viewing the Message Content

If there is a button, click it to bring up the document, letter or other content:



Click the browser back button to return to Genesis.

When there is a “Link” button, if you click it, it will bring up the Documents screen in the Parents module so you can see the full list of Documents for your student:



Other Message types have Link buttons that bring up the appropriate screen.

Frequently Asked Questions (FAQ)

1. Where do I get my login?

   Your Genesis Web Access login will usually be your email address. You will give the email address you want to use as your login to your school or district. The school or district will tell you when your login has been entered into the Genesis system.

   If your email address is *not* going to be your login, your school or district will assign you a login.

2. What if I forget my password?

   To replace a lost password you must call your school or district. Information as to who to call should be provided to you in your Web Access Welcome Packet.

   You cannot be given your existing password: for safety reasons, Genesis never displays a user's password, *even to the system administrators*. If you lose or forget your password, you will be given a new, randomly generated password. You will then be required to change the new password the next time you login to Genesis Web Access.

3. What is the URL for Web Access?

   You will be given the URL for Web Access in your Web Access Welcome Packet. If you do not have the Welcome Packet, you must contact your school or district to find out the correct URL.

4. How do I log out of Web Access?

   There is a small "Log Off" button at the upper right of every Web Access screen. Click the "Log Off" button.

5. How can I update my student's Attendance information?

   You cannot update any information. If you believe any information is wrong, you must contact your child's guidance counselor.

6. Is it ok for me to just close the browser rather than log off? Do I really need to log off?

   Closing your browser is not the same as logging off. You *must* log off of Web Access to eliminate the possibility of someone else accidentally getting access to your student's information.

   For example, if you are accessing Web Access from a public place, such as a library or other public internet access point, if you just close your browser and walk away, without logging out, there is a chance that someone else will be able to immediately reattach to your Web Access session and view your child's information. Logging off properly terminates the Web Access session.

   Always log off of Web Access – Never just close your browser

7. What if I do not have access to all my students?

   If you need access to a student that is not yet linked to your Web Access login you must call your school or district office. Each district will have its own procedures and regulations regarding linking a student to your Web Access login.

   It may be possible that Web Access is in a 'roll out' phase and is only offered in some of the schools in your district and not in others. Refer to your Web Access Welcome Packet for information on whom or where to call.

8. What if I don't have access to my child's Report Card?

   Usually a school only displays the most recent report card that was sent home. If the actual report card is not available online, it may be that none has yet been sent home or that the previous Marking Period's report card has been "turned off" so that the new Marking Period's report card can be prepared.
